- Regularly updated to meet learning needs
- Print version and online version available

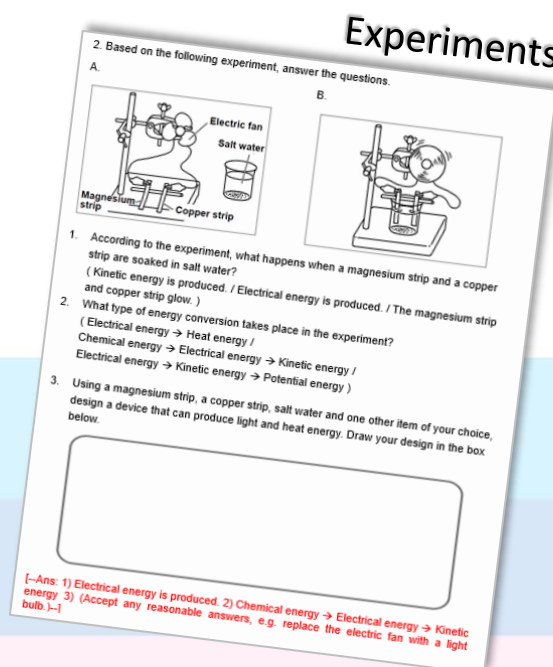

★ Popular question types:

Daily life situations, current affairs, experiments, high-order thinking

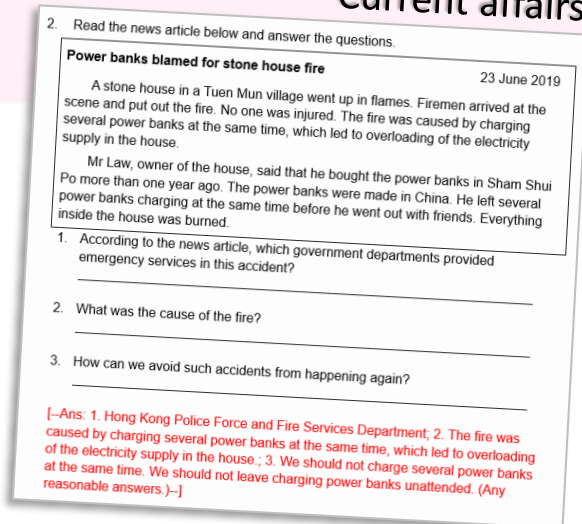

Daily life situations

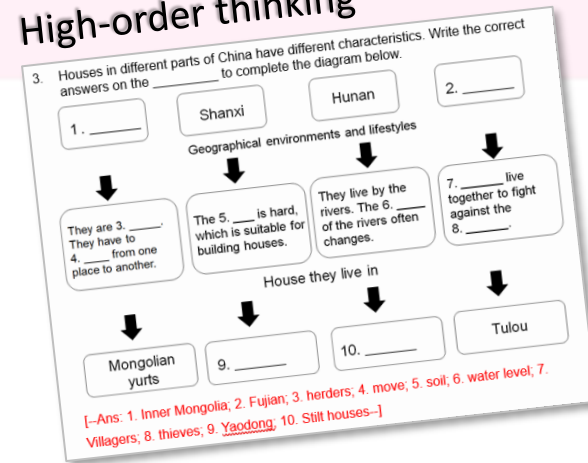

Experiments

Current affairs

High-order thinking

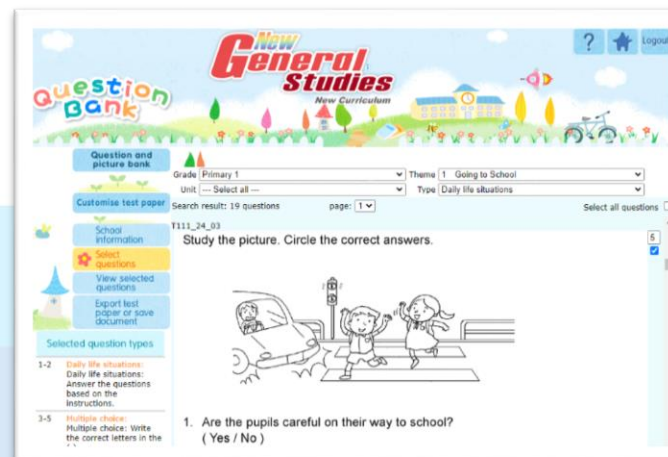

1 Log in to Online Question Bank

2 Enter school info

3 Select questions

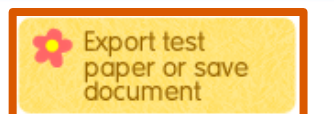

You may skip this step.

Customising test papers

Select questions based on grade, theme, unit and question type.

4 Export test paper

MS Word file

After selecting questions, you can export the Teacher Version and the Student Version (MS Word). The exported paper can be edited.

Save document

Save the selected questions in a document format that can be uploaded onto the website for subsequent question selection.

Other features

Question and picture bank

Picture Bank

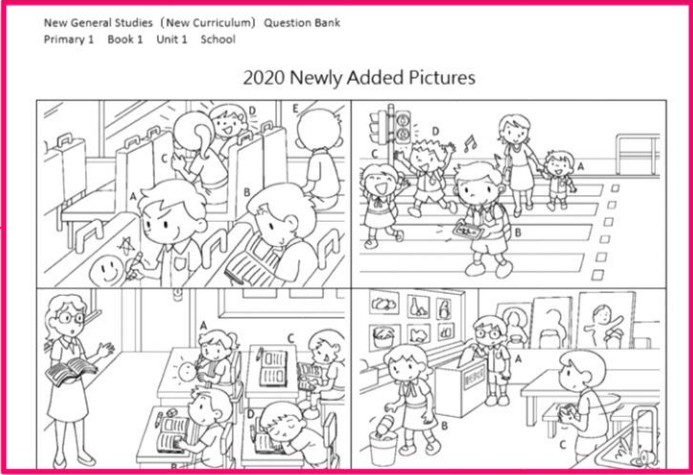

Picture Bank

It includes pictures of various subjects, such as characters, animals and buildings. Line drawings suitable for setting questions are also available.

Unit-based test papers

Add pictures

Edit test paper

Add pictures

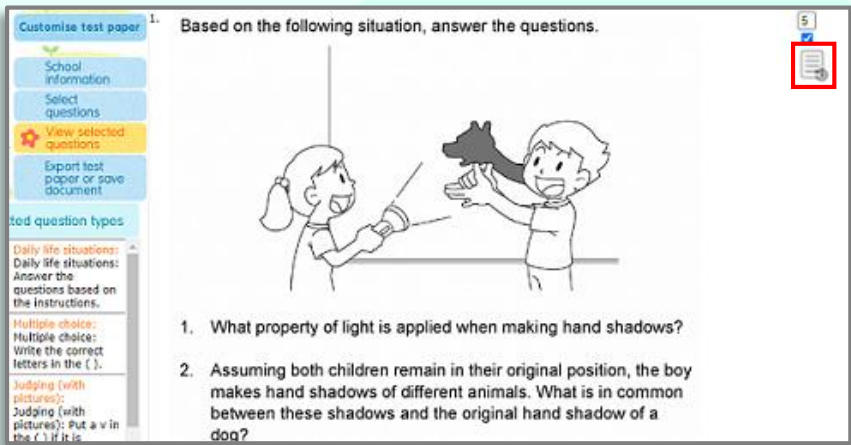

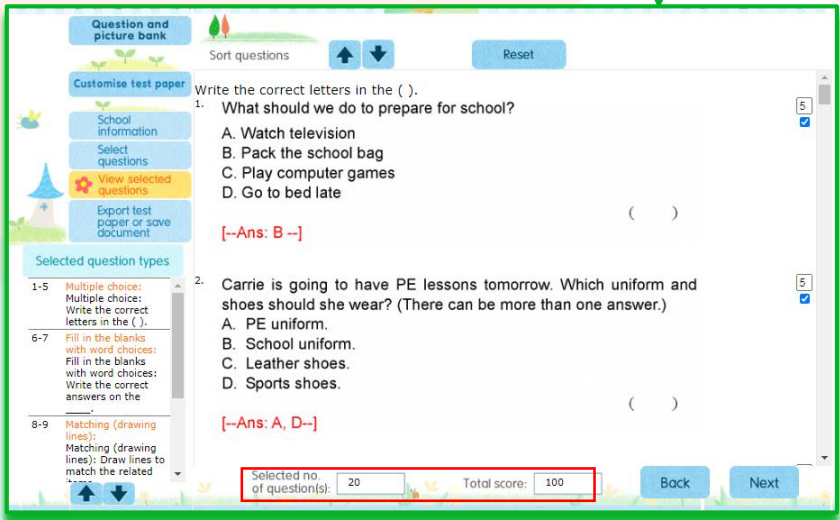

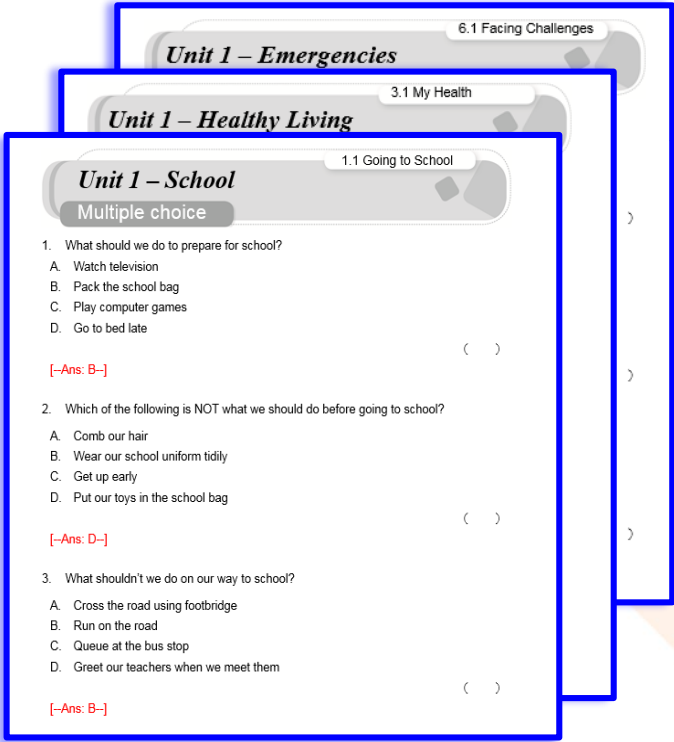

All newly added line drawings are available here.

Unit-based test papers

Download unit-based test papers (MS Word), which include all types of questions.

Edit test paper

View the default questions in each unit and export the paper.

Newly added question record function

The system keeps a record of questions selected in the past three years. Previously selected questions are labelled with a  icon in the 'View selected questions' page.
